

Gaurav Kumar

Senior Tech Consultant

+91-7532068934 | gaurav.lambha@outlook.com | [LinkedIn](#) | [GitHub](#) | Noida

PROFESSIONAL SUMMARY

Passionate about leveraging cutting-edge technologies to build scalable, high-performance solutions, with over 10 years of experience in software development, architecture, and technical leadership. Proven expertise in mentoring teams, delivering complex software systems, and driving business growth through high-quality solutions.

TECHNICAL SKILLS

Programming Languages: Node.js, TypeScript, React.js, Angular, Next.js | **Frameworks:** Express.js, Loopback, Adonis Framework | **Frontend:** React.js, Angular, Next.js | **Backend:** Express.js, Loopback, Adonis Framework
Tools: Jenkins, GitLab, GitHub Actions, Docker | **Platforms:** AWS Lambda, S3, SQS, SNS, CloudFront, EC2
Databases: MongoDB, MySQL, Elasticsearch | **Methodologies:** Agile, Scrum, Test-Driven Development (TDD)
Library: Jest, Jasmine, Karma, JMeter | **Others:** Authentication & Security (OAuth, JWT, Auth0, Styck Authentication), Microservices & Architecture, Event-Driven Architecture, Real-Time Systems

PROFESSIONAL EXPERIENCE (8.9+ Years)

Senior Tech Consultant | July 2024 - Present

Ernst & Young | Noida

- Architected and developed microservices-based applications, enhancing system scalability.
- Implemented AWS Lambda-based serverless solutions.
- Led and mentored a team of 6+ developers, improving code quality and team efficiency through code reviews and best practices.
- Collaborated with cross-functional teams to deliver scalable enterprise applications within tight deadlines.

Principal Software Engineer | Sept 2023 - May 2024

Iron Systems | Noida

- Designed and implemented a real-time notification system using WebSocket, improving CI/CD efficiency.
- Optimised database queries, reducing API response time and improving overall system efficiency.
- Notifications – Real-time alerts and updates for applications, job matches, and interviews

Associate Principal Software Engineer | Oct 2020 - Sept 2023

Iron Systems | Noida

- Developed a microservices architecture, reducing application load times and improving fault tolerance.
- Implemented advanced authentication security measures (OAuth, JWT, Auth0), reducing unauthorised access attempts.

Senior Full Stack Developer | Sept 2017 - Oct 2020

Iron Systems | Noida

- Developed and launched responsive UI/UX features using Angular, improving customer retention.
- Integrated third-party APIs, expanding platform capabilities and reducing development time.

Full Stack Developer | April 2017 - Sept 2017

Virtual Employee Pvt. Ltd | Noida

- Developed an authentication module, enhancing system security and improving login speeds.
- Created RESTful APIs, reducing server response times and improving backend scalability.
- Multi-User Access – Caters to admins, educators, supervisors, and students with role-based access
- Provides customised functionalities based on user type and responsibilities.

Software Engineer | Oct 2015 - April 2017

Flexsin Inc | Noida

- Designed interactive and accessible UI components, enhancing user experience and engagement.
- Optimised SQL queries, improving database performance and reducing query execution time.
- Notification Alerts – Sends alerts related to document availability or updates.
- Technology Stack – Built using ASP.NET, MVC, Entity Framework, JavaScript, and SQL Server.

PROJECTS

Real-Time Notification System

- Reduced notification latency through efficient WebSocket integration.
- Improved user engagement by enabling instant updates and alerts.

Microservices Architecture Development

- Reduced application load times and improved fault tolerance.
- Enabled seamless scaling by implementing containerised deployments with Docker.

Authentication Security Enhancements

- Reduced unauthorised access attempts through OAuth and JWT integration.
- Improved login speeds by optimising authentication workflows.

ServiceO (MSP/PMS/VMS)

- Support Platform – Facilitates remote and onsite support services for customer locations.
- Job Management – Allows MSP users to accept, track, and complete jobs via a defined workflow.
- Live Location Tracking – Tracks real-time location of workers driving to or arriving at jobsites.
- Other Module - Ticket Management, Real-Time Notification, Check-In/Check-Out System, File Upload, Real-Time Messaging, Live Worker Tracking, Field Technician Support, SLA Management, Access Control Integration, Role-Based Notifications, Reporting & Analytics, Job Calendar, and Workforce Live.

Talent Portal

- Candidate Profiles – Candidates can create detailed profiles that highlight their skills, experiences, and achievements.
- AI Resume Parsing – The platform uses AI to extract and structure resume data automatically.
- Notifications – Real-time alerts and updates for applications, job matches, and interviews.
- Application Progress Tracking – Both parties can monitor the progress of job applications.

Learning Management Systems

- Content Access – Users can learn through videos, quizzes, articles, and more.
- Progress Tracking – Tracks user progress throughout courses and learning paths.
- Assessment & Evaluation – Provides tools for quizzes and tests to evaluate learners
- Certification – Awards certificates upon successful course completion

Educational Management Systems

- Comprehensive Platform – Streamlines educational administration and enhances collaboration.
- Multi-User Access – Caters to admins, educators, supervisors, and students with role-based access.
- Authentication & Access Control – Ensures secure login and appropriate access for all user levels.
- Student Progress Tracking – Enables educators and administrators to monitor academic progress.

Cevaheer Diamond Sales

- Sophisticated Trading Platform – Facilitates diamond buying and selling in the Turkish market.
- Multi-Language Support – Offers a seamless experience for users in multiple languages.
- Diamond Listings – Allows sellers to list diamonds with detailed specifications and images.
- Secure Payment Integration – Supports safe and encrypted payment processing for trades.

EDUCATION

Master of Computer Applications (MCA) | July 2015

ABES Engineering College | Ghaziabad, Uttar Pradesh, India

Bachelor of Computer Applications (BCA) | May 2012

Mewar Group of Institutions | Ghaziabad, Uttar Pradesh, India
